Dear Parents/Guardians

Our usual greeting remains heartfelt, we trust you are staying safe and healthy.

Another week has gone by, and our new normality comes with new daily plans and challenges. We are all in this together.

At PPS we have been adapting to our new norm and have had to learn to embrace the new and the unknown. The staff continue to work on improving the home learning programmes and the HODs are keeping an ear and an eye out on the progress and needs of our learners, parents and staff. In this regard, we would like to encourage you to stay in contact with them. Your input is valuable and can assist us in keeping the learning process meaningful for our learners.

We continue to stay in contact with ISASA and other education bodies. To date, the proposal presented to the NCCC and the Cabinet has still not been approved, and until such time that it is approved, we are unable to make final arrangements.

In the interim, subject to final approval, we at PPS are preparing to re-open and re-admit the learners in a phased manner on 01 June 2020, starting with our Grade 7 learners - we continue with our home programmes for the learners who are still at home.

Until we have and can address the official guidelines from the Minister, at PPS we are working on ensuring compliance with the application requirements and ensuring that the health and safety of our learners and staff are addressed. In this regard we are addressing the detailed OHS inspection list and will do the necessary adjustments to include any additions addressed in the awaited guidelines.

We appreciate our supportive PPS parents. Thank you for all the encouraging messages, and the sharing of ideas.

We are looking forward to seeing our awesome learners in our PPS home environment, no matter how long we need to wait.

Warm regards

Sherrill Wagenaar
Principal
Pretoria Preparatory School
